

Certificate of Completion

Stanford University's Code in Place

April 24th to June 8th, 2023

Ziad Rahman Bhuiyan

Has completed all the requirements of Stanford University's Code in Place course.

Code in Place is an introduction to programming course that covers the material from the first half of Stanford's CS106A Programming Methodologies. The class emphasizes the fundamentals of programming including: control flow, loops and conditionals, console programs with variables, graphics, lists and dictionaries. The course is taught in the Python programming language. To complete the course students must program a significant implementation in each of the following units:

- ✓ Unit 1: Karel the Robot
- ✓ Unit 2: Console Programming
- ✓ Unit 3: Graphics and Animation

Here is a select portfolio of projects written by Ziad Rahman Bhuiyan:
